### PROGRAM REPORT

**Name of the program: YOGA DAY**

**Date:21-06-2024**

**Timing:08:00 AM to 09:00 AM**

**Resource person and Details:**

**Name: smt.k.Sujatha, Yoga Instructor, Hyderabad.**

**Venue: DRKIST, Basket ball ground**

DRK INSTITUTE OF SCIENCE & TECHNOLOGY conducted a special session on “**Yoga Day**” in seminar hall on 21-06-2024. This program was initiated by our principal with a motivational speech.

On that day, 75 students learn to promote the physical, mental, and spiritual benefits of yoga and encourage people of all ages and backgrounds to embrace this ancient practice. Yoga is an ancient Indian discipline that combines physical postures (asanas) , breathing techniques (pranayama), meditation and ethical principles to promote overall well-begin.

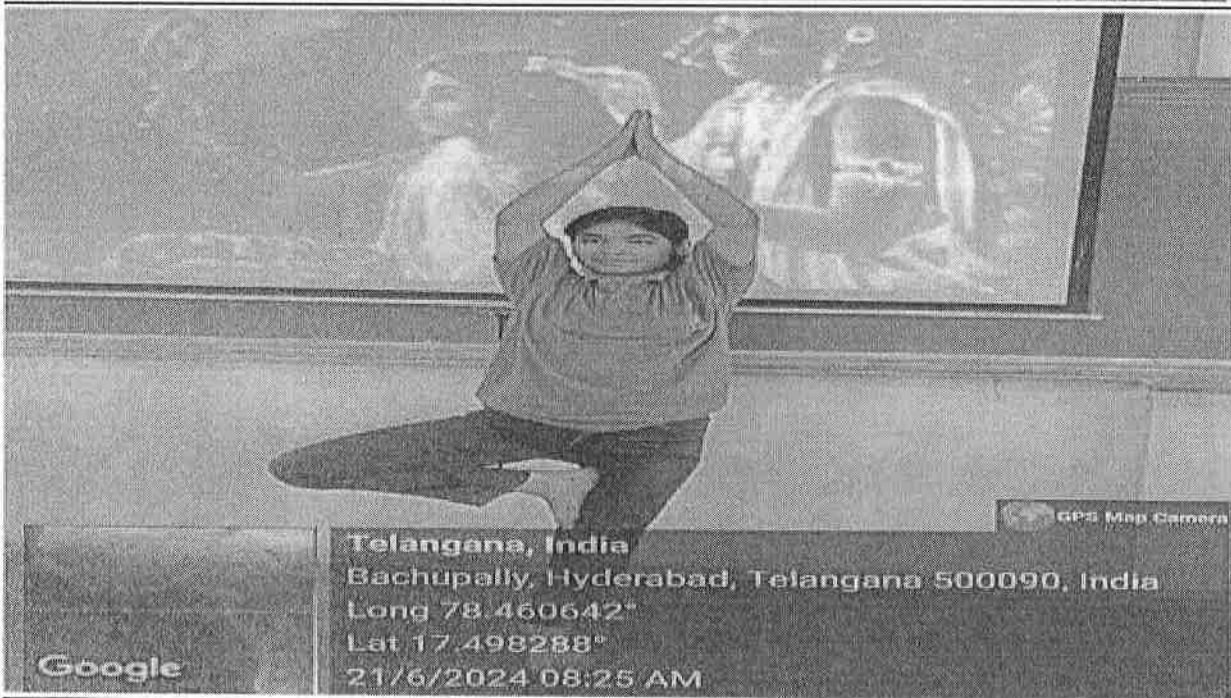

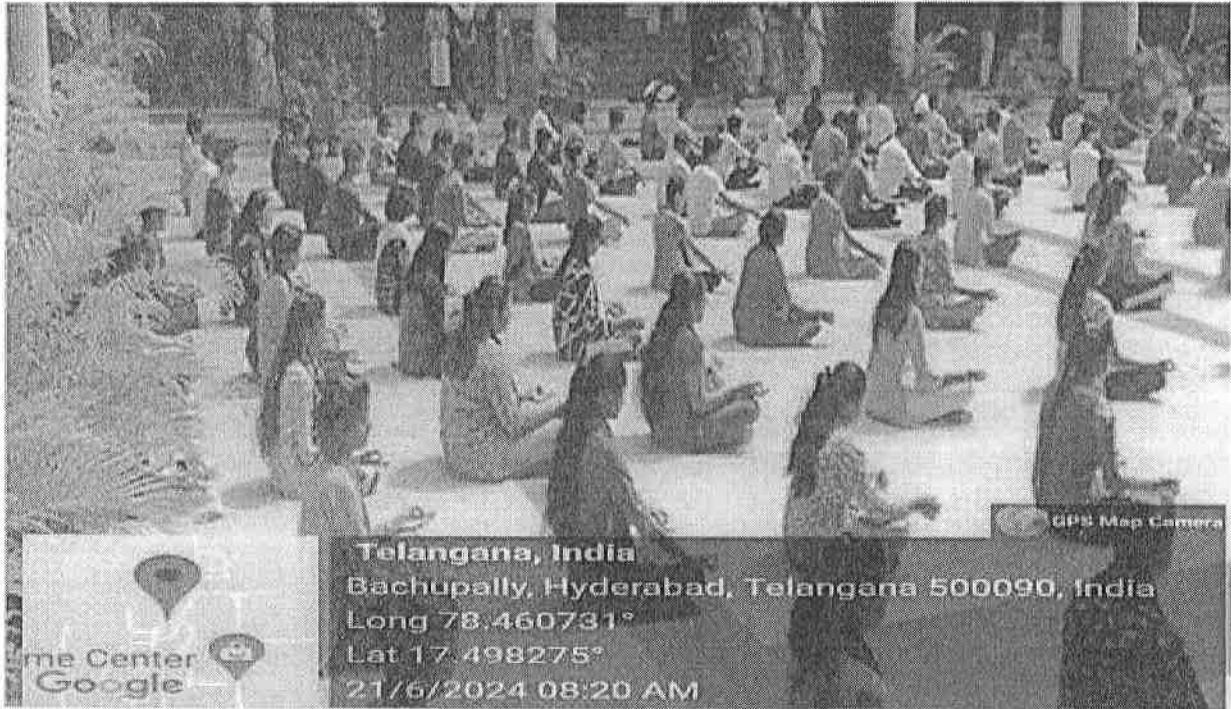

It offers a wide range of benefits, including, physical Fitness, Stress Relief, mental clarity, inner peace, Improved Respiratory health, Enhanced posture and body Alignment, Increased Energy Levels, Boosted Immunity, weight Management, Enhanced Well-begin, Yoga serves as a reminder of the importance of incorporating Yoga into our daily lives to improve our well-begin. By embracing yoga, individuals can experience the transformative power of this ancient practice and cultivate a healthier and more balanced lifestyle.

The session ended with vote of thanks.

## PROGRAM REPORT

**Name of the program:** HEALTH AND HYGIENE

**Date:**09-09-2022

**Timing:**02:00 PM to 04:00 PM

**Resource person and Details:**

**Name:** Dr.Venu Gopal ,Psychologist, HYD

**Venue:** DRKIST,seminar Hall

DRK INSTITUTE OF SCIENCE & TECHNOLOGY conducted a special session on “HEALTH AND HYGIENE” in seminar hall on 09-09-2022. This program was initiated by our principal with a motivational speech.

On that day, 60 students learn to Good health is an asset for individuals, their communities and the nation at large. A nation cannot progress without a healthy population. There are large numbers of factors which affect our health. Some of these are balanced food, clean water and clean environment which help to remain healthy while others such as germs and stressful environment cause diseases and disorders.

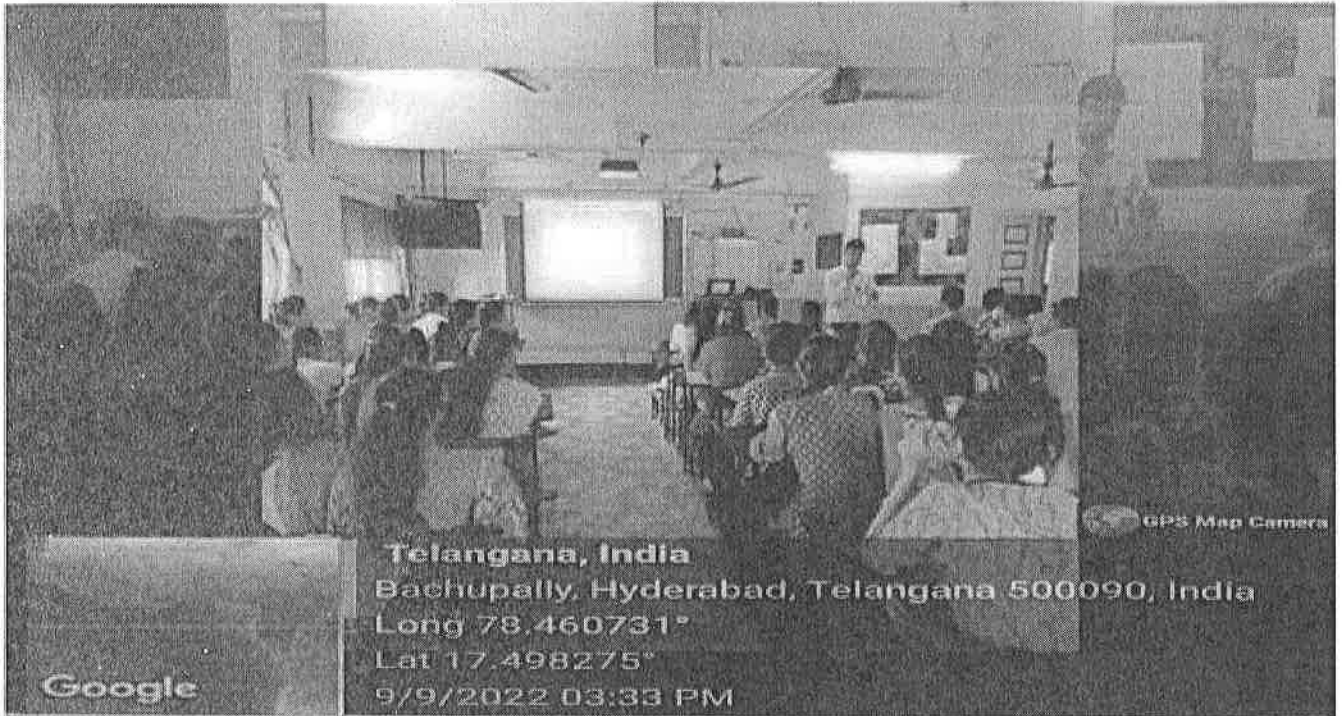

Health is not mere physical fitness or absence of diseases. It is a “state of complete physical, mental and social well being.” A physically healthy person is energetic, alert and is able to perform his/her jobs well. Mentally and socially healthy persons have control over their emotions, do not worry unnecessarily and have confidence in themselves. They take care of themselves and fulfill their duties towards others in the society.

The session ended with vote of thanks.

**PROGRAM REPORT**

**Name of the program:** Program on “entrepreneurship and green buildings”

**Date:**23-10-2020

**Timing:** 10:00AM to 1:00PM

**Resource Person and Details:**

**Name:** Mr.Avinash , M.Tech

**Venue:** DRKIST, Seminar Hall

Mr.Avinash Sahukari delivered the source for beginning and sustaining a green economy by serving green product and services, presenting techniques, enhancing demand for them, and building green jobs.

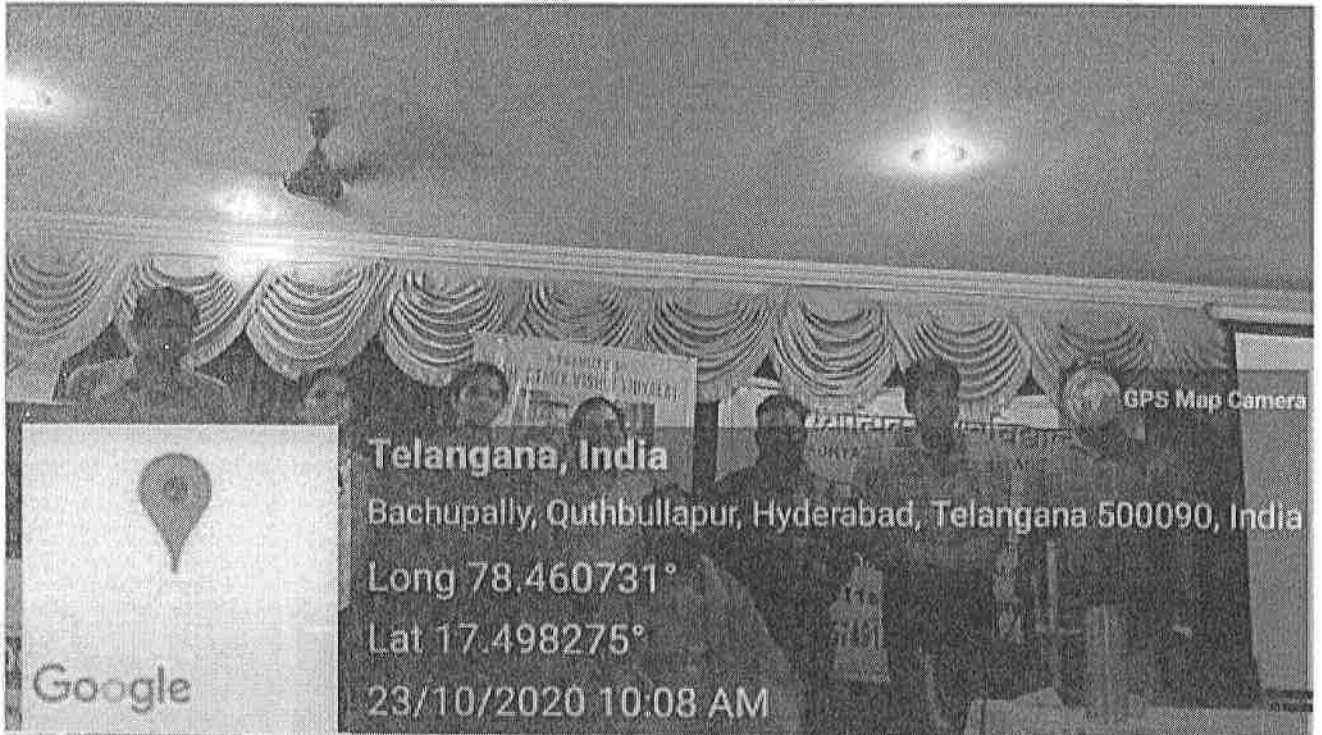

The concept of green entrepreneur rises from environmental concerns such as global warming, pollutions, scarcity of natural resources, ozone layer depletion, climate change and other disaster caused by the disruption in the ecosystem. A review of the Costs and Benefits for Developers, Investors and Occupants, examines whether or not it’s possible to attach a financial value to the cost and benefits of green buildings. Today, green buildings can be delivered at a price comparable to conventional buildings and investments can be recouped through operational cost saving and, with the right design features, create a more productive workplace.

Green buildings are designed to reduce the overall impact of the built environment on human health and the natural environment by: Efficiently using energy, Water, and other resources. Protecting occupant health and improving employee productivity, reducing waste, pollution and environmental degradation.

A total of 70 students participated in the program students got understanding in maintaining green cover for ecosystem balancing.

With career planning, students become more self-aware, recognizing their strengths and areas of improvement. Career planning is crucial for students as they stand at the threshold of their professional lives. Some realistic points emphasizing the importance of career planning for students are: Guided Decision-Making, Resource Utilization skill Acquisition, Reduced Anxiety, Early Networking and Adaptability to Market Changes, Setting Clear Milestones, and Future Financial Planning.

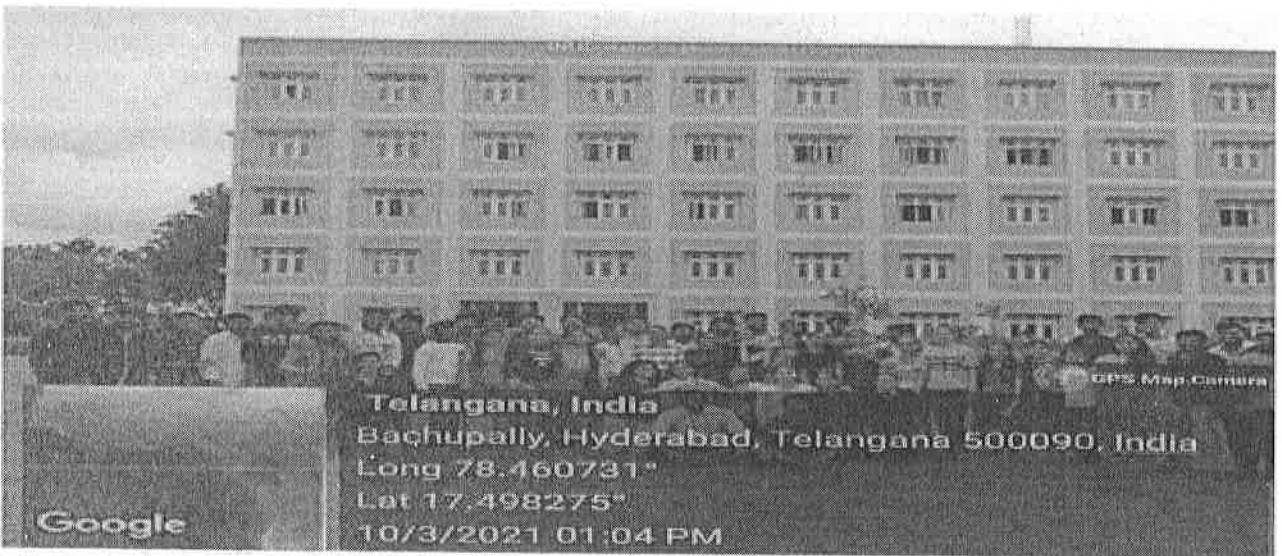

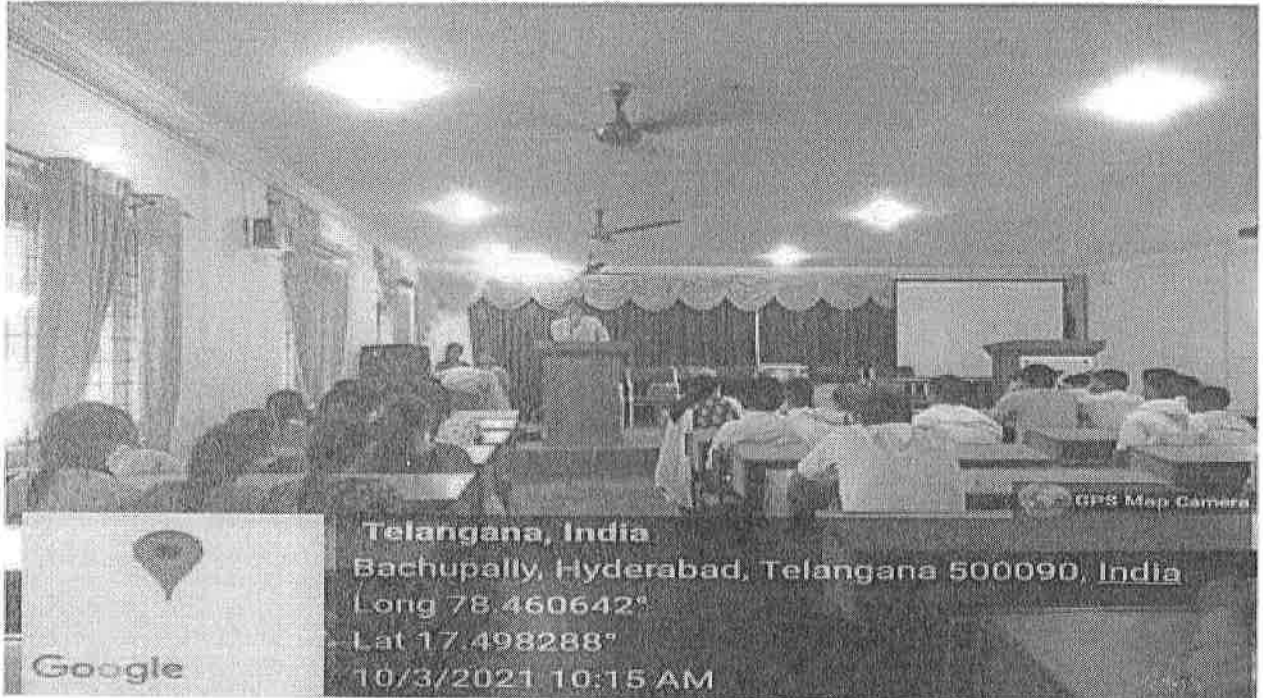

The advantages are also explained like: provides clarity and direction in professional life, Enhances self-awareness, and understanding of strengths and areas of improvements, ensures job satisfaction and increased performance. Facilitates continuous self-development tailored to career goals, prepares individuals for future financial stability, considering retirement planning. Improves visibility and recognition in the workplace, identify the right jobs for their skills, change career or find a new job more easily, ensure job security, successfully career progression to find their fulfillment. A total of 60 students participated in the program. Students got understanding and felt happy.

**PROGRAM REPORT**

**Name of the program: A YOGA-A Key to Fitness**

**Date:**21-06-2020

**Timing:** 09:00 AM to 10:00AM

**Resource Person and Details:**

**Name:** smt.k.Sujatha, Yoga Instructor,Hyderabad

**Venue:** DRKIST, Basket Ball Ground

DRK INSTITUTE OF SCIENCE & TECHNOLOGY conducted a special session on “A YOGA-A KEY TO FITNESS” IN Seminar Hall on 21-06-2020. This program was initiated by our principal with a motivational speech.

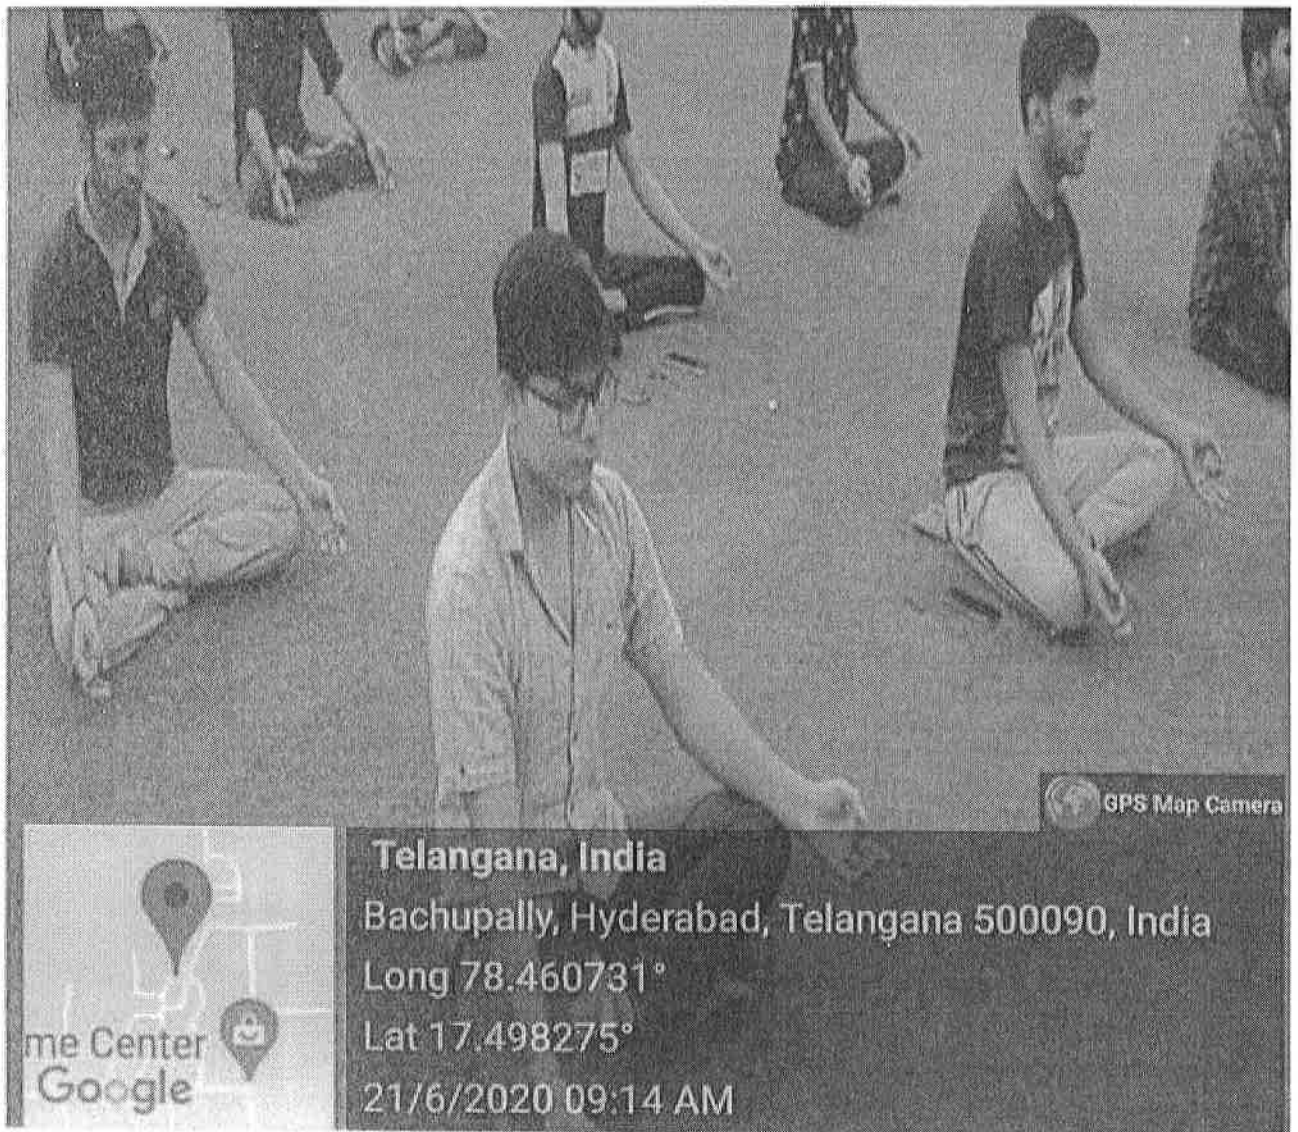

On that day, 65 students participated and acquired yoga asanas to promote the physical, mental, and spiritual benefits. The resource person explained the importance of yoga and encouraged people of all ages to embrace this ancient practice. Yoga is an ancient Indian discipline that combines physical fitness, Stress Relief, Mental clarity, Inner Peace, Improved Respiratory Health, Enhanced posture and body alignment, Increasing Energy Levels, Boosted Immunity, Weight Management, Enhanced Well-begin.

Yoga serves as a reminder of the importance of incorporating yoga into our daily lives to improve our well-begin. By embracing yoga, individuals can experience the transformative power of this ancient practice and cultivate a healthier and more balanced lifestyle.

Generally, students will always be inspired by ambition or goal. He/she should be motivated by the goal that he/she has set. They need to work every day to achieve the best with their short-term goals for daily growth. Some of the significant skills for Engineering students to their success was discussed/demonstrated.

The advantages they expected to gain are: Problem-solving , Creativity and innovation, Communication, Leadership, Attention to detail, design thinking and time Management are the most important abilities an engineers student can gain in collage. A part from the above other key skills for aspiring engineers are: Mathematical ability, scientific acumen, Logical thinking, Creative problem-solving, technical skills, Communication skills and project management and teamwork are also discussed.

A total of 62 students participated in the program. Students got understanding and felt happy.
